INTRODUCTION

HEAR YE! HEAR YE! HEAR YE!

Book, meet people . . . . . People, meet book. This is what you call an introduction.

People, I would like to tell you a little bit about this book. Book is all about our past year, the good times, the bad, the happy, the sad, and everything else I didn't mention.

Now, Book, I would like to tell you a little bit about the people. They are all in high school — Tri-County Regional Vocational High School — they are all taking up a trade, and loving it!

Well, People and Book, you are formally introduced, so get to know each other and enjoy the memories of 1979-1980.

DEDICATION

This 1980 yearbook is dedicated to a very important part of our school — the seniors. We dedicate this to each and every one of them, our first graduating class.

Our seniors are full of ambition and life. They have a wonderful sense of humor, and we wish them all good luck.

May our paths cross again.
May life be good to you.
May you all find a ten.
May you always do what you want to do.
Remember life is always hard.
But you're strong and you'll get by.
You'll never put down the losing card.
Because you're from the great Tri-High.
